

**KOSSAN**

STRETCHING LIMITS • SINCE 1979

## OCCUPATIONAL SAFETY & HEALTH POLICY

### GENERAL POLICY STATEMENT

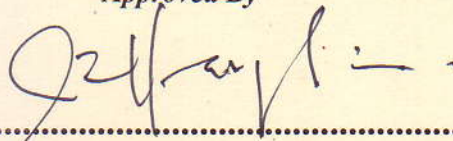

The management commitment is to comply with the “Factories & Machinery Act 1967” and “Occupational Safety and Health ACT, 1994”. KOSSAN’s primary goal is aimed towards a safe working environment and working culture in the business operations and activities leading to an accident free workplace. We are to take necessary practical actions on the prevention of potentials risks to safety and health of our employees that may arise from the use of any equipment or material in the place of work.

### OBJECTIVES

Towards achieving the goals, KOSSAN will conduct its operations to meet the following objectives:

1. To enhance workplace safety consciousness by developing proper safety procedure, work instruction and provide proper training to all employees.
2. To increase employees awareness towards attaining zero accident workplace.
3. To minimize risks to safety and health in connection with the use or operation, handling, storage and transportation of equipment and material.
